Another full day started at Midnight as we arrived in Otavalo, Ecuador. By 2 a.m. we drug our luggage across the uneven stones to our rooms. It didn't take long to fall asleep.

9:30 a.m. came quickly with a giant breakfast followed by meetings with the Fedice staff and another large meal at 12:30. By 1:30 we were headed through the crowded streets to the Otavalo market (the largest outdoor market in South America). After a MASSIVE shopping spree we loaded the truck with lots of great things to sell for the Maca Atapolo project! Kimberly found an amazing nativity as did a few others.

Back to Yamor Hotel for yet another amazing meal. Then onto more meetings and devotions before a massive repacking job of gifts for our mission partners.

A FULL day ended at 10 pm with lots of laughter and thankful hearts.
