On Wednesday we complete three of our projects. The grouting and painting of the bathroom is completed. Many of us look a little Snuffy with our blue feet and hands and parked dotted faces. Tomorrow at the community of San Pedro we will dedicate the bathroom

The Vacation Bible School also ended today. The kids seemed to have fun playing games with Neil and Linda. Neil got a little altitude sickness after running around with teenage boys. Fortunately, he takes his nurse, Nora, everywhere he goes.

Lauri, Alanna and Marilyn had coloring pages for the kids. Suzanne and Janice finished their storytelling of Felipe and the Ethiopian and the spreading of the gospel. Neil has been teaching the kids a new song, and it appeared, by their enthusiastic singing of it, they enjoyed it.

As VBS was going on, Kim, Bernice and Nora had a workshop for village women about domestic violence. The women felt free to talk about the issue in the safe space that was provided by these women.

Exhausted and cold we came back to a warm cinnamon drink and fish meal. Time to plan for tomorrow.

El miércoles completamos nuestros 3 proyectos. La pintura de los baños y la lechada de las losetas y los alrededores. Algunos de nosotros parecíamos pitufos con nuestras manos y pies pintados Mañana la comunidat de San Pedro hará la dedicatoria.

La EBU támibien termina hoy. Los niños parecen que se divirtieron jugando con Neil y Linda. A Neil le afectó un poco la altura des pues de correr con los jóvenes. Por fortuna el lleva su enfermera a todas partes.

Lauri, Alanna y Marilyn tenían unos dibujos para colorear. Susanne y Janice terminaron | a historia de Felipe y el Etíope y compartieron el evangelio. Neil ha estado enseñando a los niños nuevas canciones. Por el entusianos de los niños parece que lo disfrutaron.

Mientras la EBV estaba en progreso Kim, Bernice y Nora ofrecieron un taller a las mujeres de la villa sobre violencia domestica. Las mujeres se sintieron libres de hablar sobre el tema por el espacio seguro que estas ofrecieron.
